

An improved tie-over dressing technique for skin grafts using a Hydrocellular Dressing, in *Plast. Reconstr. Surg.*, 106, 2, 2000: 507-509, A. Bertani, Williams & Wilkins, Baltimore, 2000, pp. 507-509.

Tissue engineering: applications in plastic surgery., in *Hepato-Gastroenterology* 47:115,2000, A. Bertani, 2000, pp. 115-118.

Une technique améliorée de fixation du pansement pour l'immobilisation des greffes cutanées en utilisant un pansement hydrocellulaire, in *Can J Plast Surg*, Vol 7 n. 3 May/june 1999, 151, A. Bertani, 1999, pp. 151-154.

occult primary melanoma of the urethra:a long-term survival case, in *Plastic and Reconstructive Surgery*, a.scalise,a. piedimonte, a.aquinati, a. bertani, Lippincott Williams & Wilkins, Philadelphia, 2004, pp. 618-619.

A clinical investigation on the characteristics and outcomes of treating chronic lower extremity wounds using the tissueTech autograft system, in *The International Journal of lower extremity wounds*, Scalise A., Uccioli L. et al, Sage publications, USA, 2003, pp. 140-151.

TissueTech Autograft System nel trattamento delle ulcere del piede diabetico:risultati clinici, in *Wounds*, A.Scalise, L.Uccioli, HMP Communications, USA, 2003, pp. 279-288.

Protocollo d'impiego dei sostituti cutanei autologhi nel trattamento delle ulcere del piede diabetico, in *Il diabete*, A. Scalise, D.Dioguardi, G. Maggio, A. Bertani, Editrice Kurtis, Milano, 2002, pp. 18-21.

Delayed microsurgical reconstruction in the management of severe wounds of the limbs, in *Clinical and experimental plastic surgery*, A. Scalise, M Riccio, et al, La Garangola, Padova, 2003, pp. 97-108.

Valutazione dell'efficacia di un presidio per la detersione delle lesioni cutanee: studio multicentrico in aperto, controllato e randomizzato, in *Minerva Medica*, A. Scalise, A. Bellingerii et al., Edizioni Minerva Medica, Torino, 2004, pp. 1-9.

Confronto fra una medicazione in schiuma di poliuretano a lento rilascio di ioni argento rispetto al trattamento standard, in *Helios*, A. Scalise, O. Forma et al., Mb editori, Bologna, 2004, pp. 16-18.

La gestione delle cicatrici, in *Acta Vulnologica*, A. Scalise et al., Edizione Minerva Medica, Torino, 2004, pp. 17-25.

rhVegf and experimental rat skin flaps:systemic or local administration and morphological characteristics, in *The international journal of artificial organs*, A. Scalise, G. Tucci et al., Wichtig Editore, 2001, pp. 743-751.

From the "Charretera" to the Supraclavicular Fascial Island Flap: Revisitation and Further Evolution of a Controversial Flap., in *Plastic and Reconstructive Surgery*, A. scalise, G. Di Benedetto, Williams and Wilkins Lippincott, Usa, 2005, pp. 70-76.

Measurement of stress-strain and vibrational proprieties of tendons, in *Measurement, Science and Technology*, G.M. Revel, A. Scalise and L. Scalise, USA, 2003, pp. 1427-1436.

Vibrational analysis of tendons mechanical proprieties, in *Laser in Medical Science*, G.M. Revel, A. Scalise, L. Scalise , USA, 2002, pp. 221-226.

Paraffin oil injection:an obsolete and destructive procedure, in *Annals Plastic surgery*, DiBenedetto G., Scalise A., Pierangeli M., Bertani A. , USA, 2002, pp. 391-396.

Cultured autologous fibroblast and Keratinocyte grafts: applications in plastic surgery, in *Annals of Burns and Fire Disaster* , Scalise A., Pierangeli M. Et al, Italia, 2001 , pp. 96-99.

Non-contact analysis of mechanical behaviour of tendons by optical techniques, in *Progress in biomedical optics and imaging*, .M. Revel, A. Scalise, L. Scalise , USA, 2001, pp. 199-209.

An Improved tie-over dressing technique for skin graft fixation, using a hydrocellular dressing. , in *Plast.Rec.Surg*, DiBenedetto G., Pierangeli M., Scalise A., Andriessen A., Rowan S., Bertani A. , Williams and Wilkins, USA, 2000, pp. 507. -509.

Cultured autologous fibroblast and keratinocyte grafts:applications in plastic surgery, in *Hepato-gastroenterology* , Scalise A., Pierangeli M., Di Benedetto G., Bertani A. , USA, 2000, pp. 120-121.

Tissue Engineering: applications in plastic surgery. , in *Hepato-gastroenterology 2000* , Scalise A., Pierangeli M., Di Benedetto G., Bertani A. , USA, 2000, pp. 115-116.

A 3-D measurement system for extraction of diagnostic parameters in suspected skin nevoid lesions. , in *IEEE Transaction on Instrumentation and Measurement* , Castellini P., Scalise A., Scalise L. , USA, 2000, pp. 924-928.

Ischemia nad reperfusion injury of the skeletal muscle.The combined use of web 2170 and HBO , in *Reconstructive Microsurgery* , Riccio M., Pangrazi P.P., Campodonico A.,Scalise A., Bertani A., Mazzanti L. , USA, 2000, pp. 11-14.

La preparazione chirurgica della lesione, in *Medicina Ospedaliera*,, D. Dioguardi, A. Scalise, G. Maggio, A. Bertani , Italia, 2002, pp. 20-24.

Il trattamento chirurgico ricostruttivo" in Le ulcere croniche degli arti inferiori., in *Helios*, A. Scalise, Mb Editori, Bologna, 2003, pp. 57-62.

L'ulcera da pressione o piaga da decubito, in *Meridiana Speciale*, A. Scalise, Ancona, 2001, pp. 17-19.
